

**You have a pension now, but soon you'll have your own pension pot.**

**Your pension pot may vary. But there's always a pension, no matter how old you get.**

Your pension pot

**We absorb fluctuations in your pension benefit with a reserve.**

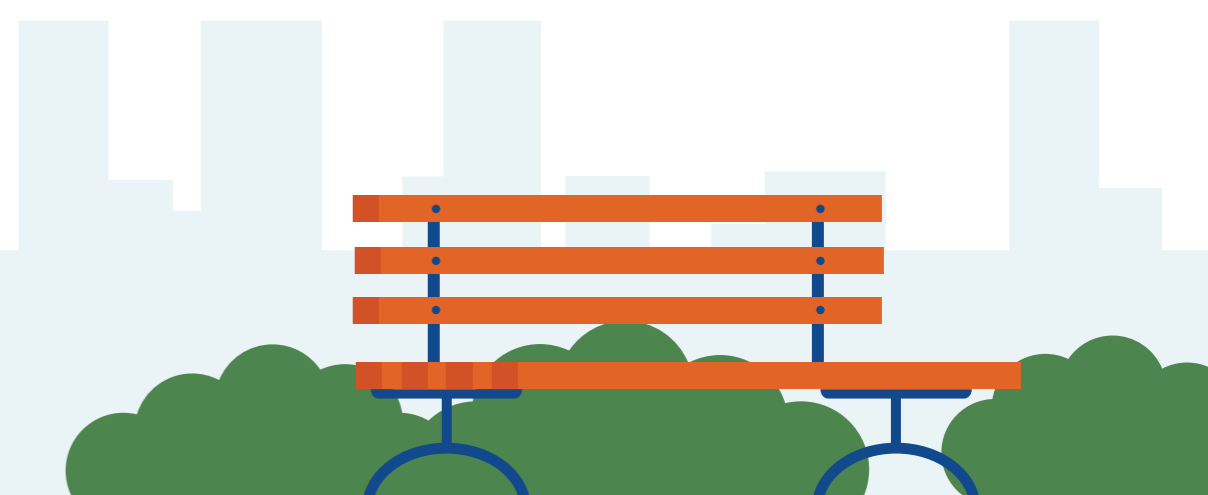

**The money in the pension pot remains the pension fund's.**

**Do you die early?**

**With the money left behind, we pay for the pensions of people who are just getting very old.**

**There is  
always a  
pension,  
no  
matter  
how old  
you get.**

▶ Stichting  
Pensioenfonds APF  
New rules for pension  
are coming

Will my pension  
run out if I get  
very old?
